Dear Richard,

**RE: Alternate Bin Collection**

At our local group meeting last Tuesday, we agreed to offer our wholehearted and unequivocal support to the Council for the introduction of this scheme.

We particularly applaud the very comprehensive explanation and helpful advice about ABC that has been given in the latest Environment FOCUS (June) now being distributed.

We have not been swayed by the arguments against ABC expressed in the NO campaign in the local press, although most of our members have been following this with interest.

We would like to help the Council deal with any problems that may arise with some of our residents in a spirit of full co-operation.

We hope that, with the backing of F.O.E. at National level, our independent support and advice will prove to be helpful to the Council.

Yours sincerely,

Bill Dowling  
Local Group Coordinator
